

END USER LICENSE AGREEMENT (EULA) – SOUND EFFECTS

IN SIMPLE WORDS

With this license, you are free to use the sounds in your commercial and non-commercial projects: films, games, music productions, trailers, podcasts, apps, and more. You may not resell, repackage, share, or distribute the sounds on their own—whether in their original or modified form. They must always be synchronized or embedded as part of a larger, broader creative work.

You also cannot use them as the primary element of a music track or standalone audio release, nor can you use them to train AI or machine learning models. Licenses are tied to the number of authorized users within the same company or team. For full details, please read the complete license terms below.

Upon receipt of full payment, the Licensor grants the Licensee a royalty-free, non-exclusive, non-transferable, and perpetual license to use the Sounds under the terms and conditions specified in this Agreement. The license is valid for the life of the copyright and may be used worldwide.

- They have the legal capacity to enter into this Agreement.
- They will use the Sounds strictly in accordance with the terms of this Agreement.
- They will not use the Sounds in any illegal, defamatory, or immoral way, or in violation of any applicable laws or regulations.

4.2 Indemnification by Licensee

- Redistributing, relicensing, or selling the Sounds in their original form or any derivative sound effect packs to third parties without express written consent;
- Reselling, loaning, renting, leasing, assigning, uploading to torrent sites/file-sharing services, or otherwise sharing or distributing the original versions or copies of the Sounds to another user;
- Including the Sounds in hardware devices, physical toys, standalone soundboards, or apps where users can isolate or extract raw audio files;
- Using the Sounds in any manner that infringes the intellectual property rights of third parties.

5.4 Unlawful and Criminal Use

Licensor.

- Immediate destruction of all copies of the Sounds across all systems and backup storage.

6.3 Injunctive Relief

In the event of a breach, the Licensee acknowledges that monetary damages alone would be inadequate to compensate the Licensor for the irreparable harm caused. The Licensor reserves the right to seek injunctive or equitable relief in any court of competent jurisdiction to restrain any actual or threatened unauthorized use of the Sounds.

7. LIMITATION OF LIABILITY

7.1 Limitation of Liability

The Licensee acknowledges that the Licensor shall not be held liable for any direct, indirect, incidental, special, or consequential damages arising from the Licensee's use of the Sounds, including loss of profit, business interruption, data corruption, or any other economic loss.

The Licensor does not warrant that the Sounds will function seamlessly with all specific hardware, digital audio workstations (DAWs), software plugins, or operating system configurations.

If any provision of this Agreement is held to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired.

11. FORCE MAJEURE

Neither party shall be held liable for any delay or failure in performance under this Agreement resulting directly or indirectly from acts beyond their reasonable control, including acts of God, war, terrorism, labor disputes, telecommunication outages, pandemics, or governmental restrictions.

12. ENTIRE AGREEMENT

This Agreement constitutes the entire understanding between Whiz Bang Sound and the Licensee regarding the Sounds and supersedes all prior discussions, representations, or agreements, whether written or oral.
